2008 Spring Conference Evaluation *continued*

Your opinion is critical to ongoing conference planning. The 2008 and 2009 stand-alone conferences incorporate the use of the Local Government Center (LGC) as a conference-planning team. NHLA's status as an affiliate group of the LGC entitles us to a host of services not the least of which is annual conference planning and logistics. This year, the LGC support has greatly reduced the workload of the conference committee who generously volunteer their time to make our annual conference a success.

Please note: when NHLA conducts a joint conference, the LGC is not able to coordinate negotiations for the site, handle registration, process mailings, provide graphic artist services, liaison with the site, arrange print services, manage the master billing, or provide any other miscellaneous service. A committed team of volunteers will be required to complete these services.

Do you prefer:

- an independent NHLA conference
- a joint conference with NHEMA

In order to assist with future conference planning, please elaborate upon your preference checked above.

Would you be willing to serve on the conference committee? If so, please provide your contact information.

If you complete this form after the conference, please mail it to:
